To
The Principal
Avanthi Institute of Pharmaceutical sciences, Cherukupally,
Vizianagaram.

Dear Sir,

Sub: Looking for qualified team who can work for our organization's project.

JS Skill Solutions are offering the ideal platform, for promoting and supporting research and development in the area of Pharmacy and Promoting innovation. In particular, we offer result oriented framework that corresponds with the needs of Industry.

We endeavour to provide best value services and solutions that place the highest priority on creative excellence and efficiency. For aspiring Pharmacy researchers to catalyze & support research development and adaptation of need –based technologies to address the identified societal challenges.

We are looking for a team of qualified faculty members at your college in Pharmacy Department who can work on Drug validation, analytical research and development and formulation research and development.If your college is interested to work in collaboration. We forward further documentation & I sincerely hope that we can keep the information confidential.

Looking forward & thank you

Mr.G.JAGADEESHWARA RAO

JS Skill Solutions
Visakhapatnam,

Respected sir,

Sub: Project Development-Acceptance reg

It gives us great pleasure to let you know that the project proposal for "**Isolation, Characterization and In-vitro Pharmacological Evaluation of Anti-Obesity activity of traditional Medicinal Plants**" has been confirmed. As we discussed in our conversation, we agreed to maintain the confidentiality of the Project. We appreciate you giving us the opportunity to work on your current project, which has to do with the most recent developments in the design sector.

Please be assured that we will make every effort to complete the project as quickly as we can.

Thanking you,

PRINCIPAL

Flowchart of Project procedure:

Objectives:

- Preparation of the three extracts from *Achyranthes aspera* Linn, *Leucas aspera* (Willd.) Linn. And *Memecylon edule* Roxb.
- Chemical examination of whole plant *Achyranthes aspera* Linn, *Leucas aspera* (Willd.) Linn. and *Memecylon edule* Roxb.
- Biological evaluation of *A. aspera*, *L. aspera* and *M. edule*.

WORK ORDER

Date: 01-11-2018
Visakhapatnam

To
The Principal
Avanathi Institute of Pharmaceutical sciences, Cherukupally,
Vizianagaram.

Dear Sir,

Sub: Request –Isolation, Characterization and In-vitro Pharmacological evaluation of Anti obesity activity of traditional Medicinal Plants - Reg

Requirements	Amount(in Rs.)
Procurement of Plant materials	30,000 /-
Chemicals ,Reagents & Solvents	1,20,000 /-
Equipments & Glassware	1,10,000 /-
Compounds Characterization	1,40,000 /-
Pharmacological evaluation	1,00,000 /-
Total Cost in rupees	5,00,000/-

To carryout Preparation of three plant extracts ,Phyto chemical and Pharmacological studies as per telephonic discussion quotation we are pleased to place Work Order as below

Rupees in words: Five Lakhs Only

Work Order Valid: One year (1st Nov 2018 to 31st Nov 2019)

WORKING LOCATION:

- Your Premises

Visakhapatnam,

Respected Sir,

Sub: Project Completion-Reg

The project has been completed on 30.12.2019.

It has been a great achievement by us to complete this prestigious project on time. It has been a great privilege, working in association with you and looking forward to work with you in future projects. We request you to please come along with your team for collecting, retrieving of important and confidential data .

I am looking forward to quick response from your side .

Thanking you

PROJECT REPORT:

Introduction: chapter 1 dealt with background information on traditional medicinal plants in world and in India, significance of traditional medicine. Traditional medicinal plants have been used by various cultures around the world for centuries to treat and prevent ailments, importance of phytochemical and biological studies of traditional medicinal plants,

As a result of ongoing research in the domain of extraction from medicinal plants, phytochemical studies, isolation, characterization and biological evaluation of new isolated compounds have been generated in the current context. To ensure the provision of high-quality and efficient pharmaceutical molecules and protect the public from the side effects caused by allopathic drugs. The project aims strict isolation of phytochemical entities and their characterizaion.

Scope of the Project:

As traditional medicine can complement conventional medical practices by providing additional treatment options. Integrating traditional medicine with modern healthcare systems allows for a comprehensive approach that combines the strengths of both systems. This integration can enhance patient care, improve treatment outcomes, and provide a more comprehensive range of therapeutic use. The scope of the project includes that to develop new molecules from plant species and chemical examination of metabolites from selected plants.

Project planning and scheduling:

Chapter 2 with details of project planning and scheduling process. It will outline the process of “Extraction, Isolation, Characterization And Anti-Diabetic activity and Anti-Obesity Activity Of Of Some Indian Traditional Medicinal Plants *Achyranthes Aspera*, *Leucas Aspera* And *Memecylon Edule*”. Project management plan will be developed to efficiently allocate resources and ensure on-time project transmit.

Data collection and Analysis:

Chapter 3 gives a brief information on basic concepts procurement of plant samples, chemicals, reagents used and extraction methods, chromatographic techniques for isolation techniques employed, analysis of phytochemicals and in-vitro evaluation of metabolites for anti diabetic and .anti obesity activity. The collected data will be analyzed to understand the requirements of the project and ensuring that the result outcomes meet the client’s expectations.

Methodology

Chapter 4 will outline the standard procedures and conventions followed for preparation of the extracts, phytochemical studies, isolation, purification of plant metabolites by using chromatographic techniques, compounds characterization using spectrophotometric methods like GC-MS, NMR and FT-IR

Resources and budget allocation:

Chapter 5 will provide an overview of the resources allocated to the project, including human resources, consumables, techniques, laboratory facilities, contingencies and other project expenses. A detailed budget estimate will be presented considering the costs associated with development of new drug molecules from plant species

Documentation and record keeping:

Chapter 6 will outline the documentation practices employed throughout the project. Proper documentation will facilitate traceability and aid future reference.

Conclusion:

Chapter 7 will summarize the entire project and emphasizing its significance and providing isolated new plant metabolites, phytochemical examination and biological evaluation of *Achyranthes Aspera*, *Leucas Aspera* And *Memecylon Edule*. The conclusion will be emphasizing the successful completion of the project and the worth of new phytochemical metabolites where the Pharmaceutical product with less side effects is a major concern when it comes to safety and efficacy. Further key points and recommendations for future projects will also be presented in this chapter. Overall, this study support to screen other species from these genera for anti-obesity activity. Also, it helps to identify new sources and novel metabolites for the treatment of diabetes and obesity conditions.

UTILITY CERTIFICATE

We the principal investigator and Co-investigators hereby certify that the work order for "**Isolation, Characterization and In-vitro Pharmacological Evaluation of Anti-Obesity activity of traditional Medicinal Plants**", as per the discussed quotation and telephonic conversation ,has been placed with e respective party.

The details of the work order as follows :

Requirements	Amount(in Rs.)
Procurement of Plant materials	30,000 /-
Chemicals ,Reagents & Solvents	1,20,000 /-
Equipments & Glassware	1,10,000 /-
Compounds Characterization	1,40,000 /-
Pharmacological evaluation	1,00,000 /-
Total Cost in rupees	5,00,000/-

We confirm that the afore mentioned rates are reasonable and necessary for carrying out the mentioned tasks efficiently .we assure you that these rates will be utilized in the best possible manner to achieve optimal results in this project. Furthermore, we ensure complete transparency and accountability in all our financial transactions related to this project.

Please let us know if any additional information is required from our end .We look forward to your continued support and cooperation.

Thanking you ,

Yours sincerely,
