OBJECTIVES OF EVENT:

Introduction:

On 25-01-2021, a total of 26 students under the guidance of faculty members Dr.B.Manoj kumar-H.O.D, Dr.T.Rushi Naidu-Associate professor have taken an active part in taking care of isolated covid patients by having interactive sessions with them online. In response to the challenges posed by the COVID-19 pandemic, the students of [AIPS] initiated a heartwarming endeavor to provide support and encouragement to COVID-isolated patients in their neighborhood. The central goal of this initiative was to offer emotional support, alleviate feelings of loneliness, and help patients maintain a positive outlook during their isolation.

Program Objectives:

- Provide emotional support and companionship to COVID-isolated patients who may be feeling isolated and anxious.
- Share resources and information to help patients better manage their quarantine period.
- Foster a sense of community and unity during these trying times.

Program Activities:

- Online Support Groups: College students organized and participated in online support groups for COVID-isolated patients. These virtual meetings served as a safe space for patients to express their feelings, share experiences, and receive emotional support.
- Daily Check-Ins: Students made regular phone calls or video chats with isolated patients, offering a friendly ear, companionship, and a sense of connection. These interactions helped reduce feelings of loneliness and anxiety.

PRINCIPAL

- Resource Sharing: Information about COVID-19, quarantine guidelines, and available community resources were shared with patients to ensure they had access to accurate information and support.
- Encouragement and Positivity: Students created and shared encouraging messages, artwork, and inspirational quotes with patients to uplift their spirits and help them maintain a positive outlook.
- Virtual Activities: Virtual activities, such as games, book clubs, and movie nights, were organized to provide entertainment and connection for patients while in isolation.

Evidence of success:

- Emotional Support: The program successfully provided emotional support to COVID-isolated patients, reducing feelings of isolation and anxiety.
- Reduced Loneliness: Regular check ins and participation in support groups led to decreased feelings of loneliness among patients.
- Information Access: Patients had access to essential information about COVID-19, quarantine guidelines, and available resources, enabling them to make informed decisions.
- Community Bond: The program fostered a sense of community and togetherness among students and patients, creating a network of support and friendship.

Challenges Faced:

- Resource Limitations: Limited resources posed challenges for providing comprehensive support, particularly for essential supplies and medical assistance.
- Technical Difficulties: Technical issues related to internet connectivity and access to virtual activities was faced by some patients and students.

Future Recommendations:

- Collaborate with local organizations and institutions to access additional resources, such as essential supplies, medical assistance, and financial aid.
- Establish a more robust system to address technical issues and improve the accessibility of online interactions and virtual activities.
- Expand the program's reach to support a broader community of COVID-isolated patients.

Conclusion:

The social care activities performed by AIPS College students to encourage COVID-isolated patients in their neighborhood have demonstrated the power of compassion, empathy, and community support during the challenging circumstances of the COVID-19 pandemic. This initiative not only provided crucial emotional support but also helped patients combat feelings of isolation and loneliness. It is a testament to the positive impact that community-driven initiatives can have on individual well-being and the strength of a united community.

The program was concluded with the slogan-

“Nothing in life is to be feared; it is only to be understood. Now is the time to understand more, so that we may fear less.”

“జీవితంలో దేనికీ భయపడాలి నలవసరంలేదు. అనేది అర్థంచేసుకోవాల్సిన విషయమే.

ఇది మరింత అర్థంచేసుకోవాల్సిన సమయం, తదాఽరామనంతకు వ భయపడవచ్చు.”

OBJECTIVES OF THE EVENT:

Introduction:

Avanthi Institute of Pharmaceutical Sciences organized an online webinar on the topic "Awareness Program on Immune-Boosting Foods during the COVID-19 Pandemic." The primary objective of this webinar was to educate participants on the role of nutrition in strengthening the immune system and to provide practical guidance on incorporating immune-boosting foods into their diets. A total of 30 students attended the webinar attended by of faculty members- Dr.T.Rushi Naidu-Assistant professor, Dr.N.Hema Madhuri-Assistant professor

Webinar Objectives:

- Educate participants about the importance of a strong immune system in combating COVID-19 and other infections.
- Discuss the specific foods and nutrients that can enhance immune function.
- Provide practical tips and guidelines for maintaining a balanced and immune-boosting diet during the pandemic.

Webinar Content:

The online webinar covered a range of topics related to immune-boosting foods and their significance during the COVID-19 pandemic:

1. Introduction to the Immune System: The session began with an overview of how the immune system works and its crucial role in protecting the body from infections.
2. Nutrients and Immunity: The speakers discussed the essential nutrients, including vitamins (e.g., vitamin C, D, and E), minerals (e.g., zinc), and antioxidants, that play a key role in strengthening the immune system.

PRINCIPAL

3. Immune-Boosting Foods: Detailed information was provided on specific foods rich in these nutrients and their immune-boosting properties. Examples included citrus fruits, leafy greens, nuts, seeds, and dairy products.
4. Balancing the Diet: The importance of maintaining a well-balanced diet and incorporating these immune-boosting foods into daily meals was emphasized.
5. Practical Tips: Participants received practical tips on meal planning, grocery shopping, and cooking methods to maximize the nutritional benefits of the recommended foods.
6. Q&A Session: The webinar included a Q&A session where participants could ask questions and seek clarifications from the experts.

Evidence of success:

The "Awareness Program on Immune-Boosting Foods During the COVID-19 Pandemic" achieved several notable outcomes:

1. Increased Knowledge: Participants gained a better understanding of the importance of nutrition and its impact on immune health.
2. Empowered Choices: Many participants reported feeling more informed and confident in making dietary choices that support their immune systems.
3. Practical Insights: The practical tips and guidance provided were well-received and encouraged participants to incorporate immune-boosting foods into their diets.
4. Enhanced Awareness: The webinar raised overall awareness about the role of nutrition in maintaining good health during the pandemic.
5. Positive Feedback: The feedback from participants indicated a high level of satisfaction with the content and delivery of the webinar.

Conclusion:

The online webinar on "Awareness Program on Immune-Boosting Foods during the COVID-19 Pandemic" was a successful educational initiative. It provided participants with valuable information on the role of nutrition in enhancing the immune system, and it equipped them with practical insights to make informed dietary choices during the ongoing health crisis. This program underscores the importance of knowledge and action in promoting health and well-being during the COVID-19 pandemic. The program was concluded with the slogan-

Eat right, fight COVID-19"

“సరైన ఆహారంతో COVID-19 తో పోరాడండి”

OBJECTIVES & PURPOSE OF THE EVENT:

Introduction:

In response to the ongoing COVID-19 pandemic, AIPS organized a comprehensive awareness program to emphasize the significance of vaccination with 40 students under the guidance of faculty members Dr.B.Manoj kumar- H.O.D, Dr.T.Rushi Naidu-Assistant professor. The program commenced with an online webinar on COVID vaccination and culminated in student vaccination at the nearest Primary Health Center (PHC). This report outlines the program's details, outcomes, and the impact on student health and community safety.

Program Objectives:

- Raise awareness about the importance of COVID-19 vaccination for individual and community health.
- Educate students about the safety and efficacy of COVID vaccines to combat the pandemic.
- Facilitate the practical aspect of vaccination by arranging student vaccination sessions at the nearest PHC.

Program Activities:

1. Online Webinar:

The program began with an online webinar held on 15-10-2020. This webinar featured

PRINCIPAL

medical expert, and public health professionals who provided insights into the COVID-19 vaccine, its development, safety, and efficacy. The session allowed for an interactive Q&A segment where participants could seek clarifications and share their concerns.

2. Vaccination Registration and Preparation:

Following the webinar, students were guided on how to register for vaccination using CoWIN portal[<https://www.cowin.gov.in/>] at their nearest PHC. They received instructions on documentation, eligibility, and safety precautions to be taken on the vaccination day.

3. Vaccination Sessions:

Coordinated with local health authorities, vaccination sessions were arranged at the nearest PHC. All students who had registered for COVID vaccination through the portal were allocated specific time slots to ensure a smooth and safe vaccination process.

4. Documentation and Follow-Up:

Students were requested to document their vaccination experiences through photos and testimonials, which they shared on social media platforms. Regular follow-up sessions were held to address any post-vaccination concerns and provide support.

Evidence of Success:

1. **Increased Awareness:** The program effectively raised awareness among students about the importance of COVID-19 vaccination and its role in combating the pandemic.
2. **Student Participation:** A significant number of AIPS students [more than 40] actively participated in the vaccination program, contributing to higher vaccination coverage within the student community.
3. **Community Safety:** By ensuring student vaccination, the program also contributed to community safety and public health.
4. **Reduced Vaccine Hesitancy:** The interactive webinar and expert insights helped reduce vaccine hesitancy among students, leading to higher acceptance rates.

Challenges Faced:

1. **Access to Vaccines:** Ensuring an adequate supply of vaccines and their timely

delivery was a challenge due to the pandemic's impact on the healthcare system.

2. Technical Issues: Some students faced difficulties during the online registration process and in accessing the webinar.

Future Recommendations:

1. Strengthen partnerships with local health authorities to secure a stable vaccine supply.
2. Provide technical support to students during the registration process to enhance access.
3. Conduct regular follow-up sessions to monitor student health post-vaccination and address any issues promptly.
4. Expand the program to include booster doses or vaccination against emerging variants, as necessary.

Conclusion:

The awareness program on the importance of COVID-19 vaccination, followed by student vaccination at the nearest PHC, was a significant success. It not only raised awareness but also led to tangible action in promoting student health and community safety. This initiative demonstrates the positive impact of education and practical vaccination efforts in combating the pandemic. We remain committed to promoting vaccine awareness and facilitating vaccination for a healthier, safer future. The program was concluded with the slogan-

REPORT

Name of activity : Awareness program on waste disposal techniques
Date of Event : 21-08-2020
Time : 10:00 AM
Venue : Online webinar
Organizing Unit : AIPS NSS Unit
Committee Members : Principal, NSS Volunteers, HOD'S, Faculty & II Pharm.D students

Objectives and purpose of the event:

Introduction:

On 21-08-2020, 35 students of AIPS (NSS Volunteers), attended an online webinar and actively participated in creating awareness on the proper disposal of wastes techniques during the COVID-19 pandemic under the guidance of faculty members: Dr.B.Manoj kumar -H.O.D of pharmacy practice & Dr.T.Rushi Naidu-Assistant professor. This initiative aimed to educate and encourage responsible waste management practices among the public, especially in the context of the ongoing health crisis.

Program Objectives:

- To raise awareness about the importance of proper waste disposal in preventing the spread of COVID-19.
- Encourage individuals to use designated trash bins and not litter in public areas.
- Promote the concept of "cleanliness is next to healthiness."

Program Activities:

1. Proper disposal techniques: Proper disposal of waste were disclosed to the public by performing the disposal and showing the public through social platforms.
2. Social Media Campaign: To reach a broader audience, we launched a social media campaign using the hash tag #Cleanliness For Safety. The campaign included informative posts, challenges, and interactive content to engage the online community.

Evidence of success:

The awareness program achieved significant results and made a positive impact on our community. Here are some key outcomes

1. **Increased Awareness:** The program successfully raised awareness among the community members about the importance of proper waste disposal practices, evident from a 40% increase in engagement on social media platforms and positive feedback

from workshop attendees.

- 2. Behavioral Changes:** An observable shift in behavior was noted among individuals, with a noticeable decrease in littering and a higher rate of usage of designated waste bins in preventing COVID.
- 3. Collaborative Efforts:** Collaborations with local authorities facilitated the installation of additional waste disposal bins and improved waste segregation infrastructure to aid in collection of biomedical waste from quarantine homes, contributing significantly to the program's success.

Challenges Faced:

While the program was successful, we encountered several challenges:

- **Resistance to Behavior Change:** Some individuals were resistant to change and continued to dispose the biomedical waste in improper ways spreading the virus.
- **Limited Resources:** We had limited resources for materials and outreach, which affected the scale of our activities.

Future Recommendations:

For future programs, we suggest the following:

- Collaborate with local authorities to provide more trash bins to houses in the locality
- Expand the program to include more educational sessions and workshops on waste management.

Conclusion:

Our awareness program on the disposal of wastes at public places during COVID-19 was successful in increasing public awareness and encouraging responsible waste management practices. The initiative demonstrated the significant impact that students and young people can have in fostering positive change within their communities. We remain committed to promoting cleanliness and safety in our community and hope to continue these efforts in the future. The program was concluded with the slogan-

Don't let your waste go to waste, dispose of it safely.
మీ వ్యర్థాలను వృధాగా పోని వ్యవస్థ, సురక్షితంగా పారవేయండి."

#Cleanliness for Safety

How waste workers can minimize risks during COVID-19 pandemic

Avoid contact

- Don't shake hands
- Avoid touching your face
- Avoid coughing or sneezing, cover your mouth with your elbow
- Avoid direct contact with waste bags or bins without wearing gloves
- Keep 1.5 - 2 metres distance from colleagues and others

Use protective gear

- Wear face and use a rubber band to hold back long hair
- Wear protective glasses
- Wear a face mask that covers your nose and mouth, and change when it gets frequently
- Wear heavy-duty gloves that are resistant to cuts and abrasions
- Remove masks and gloves without getting in contact with potentially contaminated parts of them
- Wear a professional uniform or suit of light clothing
- Wear boots or closed shoes that are friction to cuts and abrasions

A one day webinar was organised on “SESSION ON HOW TO USE ANIMAL SIMULATOR IN PHARMACOLOGY” by M.Madhavi, M.Pharm, Associate professor, Avanthi institute of pharmaceutical sciences for II & III B.Pharmacy students on 29-01-2021 by Avanthi Institute of Pharmaceutical Sciences. Around 179 students had attended the webinar.

Outcome of the session:-

SIMCOLOGY, a leading Animal Simulator Software, has recreated a virtual animal laboratory for students to learn without having to maim or kill animals for dissection. SIMCOLOGY is designed to facilitate Pharmacology education, empower self-learning and reduce the number of animals used for experimentation. At the end of session feedback was taken from students. Students said that this webinar helped them to know about the animal simulator. Lastly, M. B .V. Raju, Principal of AIPS thanked the resource person M.Madhavi for sharing knowledge with the students.

PROFILE OF RESOURCE PERSON

Mr. Mujeebuddin has received his M. Sc in Clinical Research from Manipal University and M. Pharmacy (Pharmacology) from MGR University. After his post-masters, he has started his career journey with QPS Bioserve.

His subsequent journey in Clinical Research has taken a new turn into Clinical Data Management when he has joined a very well renowned Pharma CRO, Parexel International, where he also served as a technical trainer apart from being a technical lead. Later, his journey took a new fleet when he was invited to one of the prestigious IT Company to play a major role as a Principal Consultant in designing, developing and marketing of the most popular Clinical Trial Databases, Oracle Argus (Safety Suite – for Pharmacovigilance) and Oracle Inform (a world-famous electronic data capturing tool used for Clinical Data Management).

Further on, he has joined Accenture (Chennai) as a Subject Matter Expert and then his next take off was in the India's Topmost Pharma CRO, Quintiles (Currently IQVIA) as an associate director for projects in Clinical Data Management, where he has led multiple Data Specifications teams. He is currently enjoying his role as a founder and CEO of ClinoSol Research Pvt. Ltd., engaged actively as a bridging organization between the academia and the life sciences industries through Clinical Research Training, Resource Consulting, and employee upskilling services for the CROs.

A one day webinar was organised on “SESSION ON CLINICAL RESEARCH OF PHARMACOVIGILANCE” by C.S.Mujeebuddin, Founder and CEO, Clinisol research private limited for III & IV B.Pharmacy students’ on 17-11-2020 by Avanthi Institute of Pharmaceutical Sciences. Around 156 students had attended the webinar.

Outcome of the session:-

Pharmacovigilance is the science and activities relating to the detection, assessment, understanding and prevention of adverse effects or any other medicine/vaccine related problem. All medicines and vaccines undergo rigorous testing for safety and efficacy through clinical trials before they are authorized for use. The primary purpose of the pharmacovigilance team is to undertake thorough drug testing to identify and better understand the risks associated with taking the studied drug. At the end of session feedback was taken from students. Students said that this webinar helped them to know about the certification courses of scribing. Lastly, M. B .V. Raju, Principal of AIPS thanked the resource person C.S.Mujeebuddin for sharing knowledge with the students.

A one day webinar was organised on “**session on Ex PHARMA SOFTWARE**” by M.Vidya sagar, Google analyst , KPO , Virtusa , Hyderabad for I & II M.Pharmacy students on 08-07-2020 by Avanathi Institute of Pharmaceutical Sciences. Around 40students had attended the webinar.

Outcome of the session:-

The benefits of Ex-Pharma software are that it provides a safe and ethical alternative to animal experimentation in pharmacology. The software is designed to simulate animal experiments and demonstrate the effect of drugs on different animal systems. It is user-friendly, highly interactive, and can be used for educational purposes .At the end of session feedback was taken from students. Students said that this webinar helped them to know about the certification courses of scribing. Lastly, M. B .V. Raju , Principal of AIPS thanked the resource person M.Vidya sagar for sharing knowledge with the students.
