AVANTHI INSTITUTE OF PHARMACEUTICAL SCIENCES

ENVIRONMENTAL POLICY

The Avanathi Institute of Pharmaceutical Sciences (AIPS) reiterates its dedication to actively participate in the advancement of sustainable development for the nation and the advocacy of eco-friendly technologies via its educational, research, consultancy, and extension initiatives. Our goal is to nurture a community that is environmentally aware and adaptable to climate change, striving towards this vision through a comprehensive approach encompassing curricular, co-curricular, and extension activities.

AIPS is committed to providing its students, faculty, supporting staff, institute associates, and the local community with the requisite knowledge and competencies to act responsibly in relation to the environment. We strive to formulate educational programs designed to instill a profound sense of environmental consciousness, enabling individuals to make well-informed decisions that positively impact sustainability.

Beyond academic endeavors, we actively participate in research and consultancy initiatives dedicated to the advancement of sustainable technologies and solutions. Through the cultivation of a culture characterized by innovation and collaboration, our goal is to tackle urgent environmental challenges and contribute to the creation of a more eco-friendly and sustainable future.

AIPS is dedicated to metamorphosing its campus into an eco-friendly environment that mirrors our unwavering commitment to sustainability. Our endeavor is to infuse nature and environmentally conscious principles into all decision-making processes across all levels. This encompasses the integration of eco-friendly practices into our infrastructure development, energy management, waste disposal, water conservation, and transportation systems.

In pursuit of our objectives, we actively pursue collaborations with leaders in the industry, governmental agencies, and environmental organizations. Through cooperative efforts and the exchange of expertise, we aim to magnify our influence and promote sustainable development within and beyond our institution. AIPS aspires to emerge as a shining example of sustainability, serving as a paradigm for other educational establishments. We firmly hold the conviction that by advocating for sustainable practices and embracing cutting-edge technologies, we can contribute significantly to the overall welfare of society, safeguard our natural resources, and craft a brighter future for future generations.

Environmental Policy is adapted on this day, the 5th of June 2021 at Avanathi Institute of Engineering & Technology, Cherukupally Village, Bhogapuram Mandal, Vizianagaram, Andhra Pradesh 562
